FOR IMMEDIATE RELEASE – 03/12/2009

MCAS Iwakuni, Japan – Looking for a great part-time job? MCCS is currently recruiting for a driver's education instructor to teach the drivers' education course to our Marines and Sailors, their family members, and civilians who do not have a state-side driver's license. This is a terrific opportunity for someone to become a certified American Driver and Traffic Safety Education Association (ADTSEA) instructor and earn some extra money. A personal services contract will be initiated with an hourly rate of \$15.00. MCCS will pay the course cost of \$960 with the requirement that the person(s) will be expected to sign a one-year (minimal) contract. Failure to carry out the one-year contract could result in the reimbursement of the course fee.

The instructor will be expected to demonstrate a certain level of patience, be available to conduct some evening classes and behind the wheel driving instruction during the week, and on Saturdays, and/or on an as required basis. MCCS will provide a driver's education car and gas.

The person(s) will be expected to attend an onsite driver's education certification course, which begins on 12 May and ends on 22 May. The majority of the course hours will be scheduled in the afternoon and evening hours. Please ask anyone who may be interested in this opportunity to contact the Employee Development Office at 253-4305 or Human Resources Director at 253-5019.
